800B	800 x 1200	Y	651 - 780	\$1400.00

For end plates and draw wire add \$100 to based swab price

Note that we have supplied swabs up to 1.2m diameter. Sizes larger than 520mm diameter are not normally carried ex stock. Swabs with bases give better cleaning, swabs with no base are more flexible and are recommended if you have a significant reduction in pipe size such as a fire hydrant. Specific sizes between 60-1200mm diameter can be made to order, allow approximately 15 working days from time of order for delivery of specials or out of stock items.
